## ARTICLE 3 WORKYEAR

### In School Work Year

#### 1. Regular Contract

The in-school work year for employees shall not exceed one hundred ninety (190) days, except a first year teacher in the District shall work one hundred ninety three (193) days.

#### 2. Extended Contract

The in-school work year for employees contracted on a ten month basis shall not exceed two hundred ten (210) days.

3. Definition of In-School Work Year

The in-school work year shall include days when pupils are in attendance, orientation days, and any other days on which employee attendance is required.

Unpaid Holidays

No employee shall be required to work on the following days: Labor Day, Thanksgiving and the day following, Christmas, New Years, and Memorial Day.

Unpaid Vacation

There shall be a winter recess of at least five (5) days excluding Christmas and New Year's Day.

There shall be a spring recess of two days incorporating a weekend, in March or April.

## ARTICLE 4 HOURS

The regular contract day shall be eight (8) hours which shall include a minimum of thirty (30) consecutive minute duty-free lunch period. Teachers may leave the building during their lunch period upon giving notice to the office.

The Board shall establish the arrival and departure times for the teachers and notify them of such hours at the beginning of the school year. Ten (10) days notice will be given the teachers of any change in these hours unless an emergency prevents such notice. When students are dismissed early because of winter weather or storm, teacher shall be dismissed within five (5) minutes after all students have departed. Teacher will be required to attend, without additional compensation, faculty and other professional meetings outside the regular work day up to one-half hour beyond the regular teaching day. Such meetings shall be limited to a total of eighteen (18) days a year on teaching days. Notice of such meetings will be given five (5) days in advance of such meetings unless an emergency prevents same. Teachers may submit items to be considered at such meetings up to three (3) days before such meeting and a printed agenda will be distributed two (2) days prior to the meeting.

Teachers will be assigned duties outside the regular teaching day without additional compensation, on an equitable basis. However, any assignments of such duties on a Saturday, holiday or other than one of the in-school work year days shall be voluntary.

To compensate teacher for additional duties outside the normal teaching day, teacher shall have the option to arrive fifteen (15) minutes after the normal teacher arrival time on the first day of teaching each week, or may elect to depart on the last teaching day of each week fifteen (15) minutes prior to the normal teacher dismissal time. The teacher shall select one of the two aforementioned options each year and notify the principal at the beginning of each school year. If the teacher wants to make an exception to his/her option, he/she shall notify the principal in advance.

The principal may elect to hold meetings during the option times. In such a case, the teachers shall receive the fifteen minute option one time another first or last teaching day of the week.

## ARTICLE 5 EVALUATION PROCEDURE

Within two (2) weeks after the beginning of the school year, the building principal or appropriate supervisor shall acquaint each employee, including a teacher assigned to more than one building under his supervision with the evaluation procedure, including the form to be used.

The evaluator shall be in the classroom for at least thirty (30) minutes each time a teacher is being evaluated on classroom performance. This will include a minimum of two formal evaluations per year (once prior to winter break and once after) with a summative evaluation prior to March 30 during each year of the probationary period. In addition a thirty (30) minute follow-up evaluation will be made to determine the progress or lack of progress for each teacher whose original evaluation indicated a need for remediation.

A probationary employee may request one postponement of his/her classroom observation. Such a request will not extend the summative evaluation deadline of March 30.

When a teacher is on a professional growth plan the teacher will develop their plan each year and submit it to the evaluator for review. The plan will be developed in the third trimester for the following year.

Upon successful completion of the professional growth plan, a Professional Growth summative conference will be held. Evidence will be shared, summarized and signed by the teacher and evaluator prior to June 1. Professional Growth Summative will be placed in the individuals personnel file.

An employee on a Professional Growth Plan may request one postponement of his/her classroom Observation (when applicable). Such a request will not extend the summative evaluation deadline past June 1.

A written copy of each formal evaluation shall be given to the teacher which shall be signed by both parties. The teacher's signature shall indicate awareness of the evaluation contents. A post-evaluation conference between the teacher and the evaluator to discuss its results should be held within ten (10) working days of the formal evaluation; unless either party is not available then the conference will be held at the first mutually agreed upon date. At this meeting the evaluator will point out in writing the strengths and weaknesses and ways to improve the employee's performance. If the teacher disagrees with the formal written evaluation after the post-evaluation conference, he/she may put the objections in writing and have them attached to the evaluation report. Such objections shall be filed within ten (10) contract days of the post evaluation conference.

One copy of the written evaluation and any responses shall be placed in the teacher's personnel file. One copy will be retained by the teacher.

Nothing in this article is to be construed as precluding evaluation of contracted duties other than classroom teaching. Such evaluation shall be reduced to writing and given to the teacher within five (5) days of the evaluation. The teacher may request a conference on such evaluation. Said written evaluation shall be signed by the teacher to indicate awareness of the content of the evaluation. One copy will be given to the teacher and one copy placed in the teacher's file. The teacher may reduce to writing his/her objections to such evaluation and attach them to the file copy within five (5) days from the receipt of same.

The teacher shall be entitled to review his/her personnel file except for confidential material.

The principal may use videotape to record the performance of a teacher for instructional improvement. The principal may review the tape with the concerned teacher and shall erase the tape at the conclusion in the presence of the taped employee.

The District and the Association will continue to discuss jointly the evaluation system required under Iowa Code Chapter 284. The procedures for the evaluation will be bargained by the parties and if no agreement is reached the parties will submit the matter to binding arbitration under a timeline waiver if the recommendations from the joint committee are not provided to the parties prior to reaching a voluntary settlement or submitting the dispute to arbitration.

An employee shall have the right to grieve an evaluation that alleges an employee does not meet one of the 8 District teaching standards. The evaluation will be sustained unless it is arbitrary, capricious or without basis in fact.

The Association and Board have agreed to a side letter on the development of the new evaluation tool. See appendix D for side letter.

## ARTICLE 6 STAFF REDUCTION

A. Employee

All employees under this Agreement are covered by this Article.

B. One or More Laid Off

When one or more employees are to be laid off, those employees with emergency or temporary certification shall be laid off first unless needed to maintain a program.

C. Reduction in Staff

When the Board determines that a reduction in staff is necessary, the Board will retain those teachers it determines are the most valuable to the district in the affected area. The term "affected area" means: Grades K-6, Curriculum Departments 7-12, Art (K-12), Music (K-12), Library/Media (K-12), Physical Education (K-12), Special Education (K-6 and 7-12), Talented and Gifted (K-6 and 7-12), Title I (K-8), Guidance (K-12). Employees, who work in more than one affected area shall be classified in each affected area in which they are currently working. Employees employed by the District prior to July 1, 1996 who have a K-9 certification but who are not licensed or endorsed to teach at the high school level will be classified in the K-6 affected area. In making such determination, it shall consider the following factors: .

1. Years of service in the District.
2. Competency and demonstrated effectiveness as defined by the evaluation procedures of the district.
3. Staff qualifications, specifically in academic training and teaching experience.

If in the determination of the Board, the above factors are equal, seniority in the Sergeant Bluff-Luton School District will then be used to determine the employees to be retained in the affected areas.

The administration shall notify the potentially affected personnel of the planned reduction by April 30<sup>th</sup> of each year.

D. Recall Procedures

1. An employee shall be entitled to exercise his/her recall rights on the first work day following the date of the final action of the Board "to terminate" his/her employment.
2. Laid off employees and employees on extended leaves of absence shall constitute one pool of employees for purposes of recall.
3. Recall to available position shall be inverse order of seniority unless a more senior employee is on leave of absence and his/her leave is expiring in which case that employee shall be offered the available position first.
4. Any employee laid off pursuant to this procedure shall retain recall rights to either the kindergarten through sixth grade or in grades seven through twelve to the departments in which the employee had previously worked in the School District for two (2) years and three (3) months from the effective date of his/her layoff. The effective date of layoff shall be the first weekday following the last day of the work year during which the Board terminated the employee's contract.

5. When a laid off employee accepts employment with another employer, he/she shall not forfeit his/her recall rights. If the Board recalls the laid off employee and the new employer will not release the laid off employee, the Board shall hold the position for the laid employee by filling the vacancy with a substitute until the laid off employee is released by his/her employer but in no case later than the beginning of the ensuing academic year.
6. The Board shall notify an employee of his/her recall in writing by certified or registered mail to the employee's address on file in the office of the superintendent. The letter shall include a copy of this recall procedure. An employee's failure to respond affirmatively in writing within seven (7) calendar days, excluding Saturdays, Sundays, and holidays, after receipt of the recall letter shall result in the termination of the employee's recall rights.

E. Benefits

1. An employee who exercises his/her recall rights shall be given full credit for his/her training and experience obtained during the laid off period in another school district or other educational institution.
2. To the extent permitted by the insurance carriers involved, but limited to the period during which an employee retains recall rights, a laid off employee shall have the option at his/her expense to continue participation in the health, accident, and major medical insurance program.
3. A laid off employee shall retain his/her rights to Association representation and his/her rights to file grievances pursuant to Article 17 limited, however, to alleged violation of his/her rights as set out herein.
4. A teacher re-employed shall be reinstated to any accumulated sick leave days accrued prior to the termination and be placed on the salary schedule at the step he/she would have attained had termination not taken place. (Except as modified by #1 above)

F. Notification

On September 15 of each year that this procedure is in effect the Board shall provide the Association with a current list of employees who retain recall rights pursuant to it.

G. Seniority

The period of, layoff and subsequent recall shall not change the employee's seniority date.

## ARTICLE 7 TRANSFERS

A. Definition of Vacancy

A position created by the fluctuation of student population, employee attrition, or additional district need(s).

B. Vacancy During the School Year

Vacancies which occur during the school year will be filled at the discretion of the superintendent. Such vacancies will be posted, including grade level, in all buildings. Employees who desire to be considered for such vacancies shall file a written request with the superintendent's office.

C. Vacancy for the Following School Year

It is the philosophy of the School District to transfer qualified bargaining unit members to positions for which they apply. The parties acknowledge that there are circumstances, as contemplated in Section C (3), when the District may seek external applicants.

1. Such vacancies shall be posted in all buildings. Said position shall contain the position vacant including grade level.
2. Employees who desire to be considered for such vacancies shall file written requests with the Superintendent's office.
3. If only one employee applies for the vacancy, the District may either award the position to the employee (provided the employee meets the qualifications for the position) or may seek external applicants. If the District seeks external applicants, the District will award the position to the person who the Superintendent, or designee, judges to be most qualified.

For the purposes of this provision, the term "qualified" means licensure, academic preparation, evaluations, and nature of professional work experience. At the time that the position is posted, the District will identify in writing the specific qualifications for position which it has determined that an applicant must possess. A member of the bargaining unit who possesses the required licensure for the position will be granted a personal interview, and if not selected for the position, will be provided a written explanation of why he or she was not judged to be most qualified for the position. No request for transfer will be denied arbitrarily, capriciously, or without basis in fact.

During their probationary period, employees may apply for a transfer, but the request may be granted or denied by the Superintendent, or designee, in his/her discretion without regard to the number of applicants for the position or the qualifications of the applicants. The term "probationary period" is defined in Iowa Code Section 279.19. This limitation will not apply to a probationary employee whose position is being eliminated or reduced.

4. If more than one employee applies for a vacancy and meets the qualifications for the position, the principal will select, in his/her judgement, the employee best qualified. The term "qualified" shall be defined in the aforementioned #3. If qualifications are equal in judgement of the principal, the qualified employee with the greatest seniority shall receive the position.

D. Vacancy Occurring During the Summer Months

When a vacancy occurs during the summer months, the superintendent shall notify all employees who have provided him/her with written requests to be considered for the kind of vacancy which has occurred. Notification shall be by letter to the employee's last known address. The employee shall have seven (7) calendar days in which to contact the superintendent regarding the vacancy. If there is no response within that period of time, it shall be assumed that the employee has no further interest in a voluntary transfer to this vacancy.

## ARTICLE 8 INVOLUNTARY TRANSFERS

A. Decision

The decision regarding an involuntary transfer shall be made by the Superintendent. An involuntary Transfer may be made if no employee applies for a vacancy or if a vacancy exists and no qualified candidate from outside the bargaining unit can be found. Under these circumstances, the decision will be made by the Superintendent based upon licensure and the needs of the School District.

B. Meeting

At the request of the employee, a meeting between the employee and the Superintendent shall be held to discuss the transfer at which time the employee shall be given the specific written reason(s) for the involuntary transfer.

C. Notice

Within ten (10) calendar days from the date on which it decides to make an involuntary transfer, the District will give the affected employee written notice of an involuntary transfer.

D. Compensation and Evaluation

An employee being involuntarily transferred or reassigned shall be placed in a position which does not involve a reduction in total compensation. Employees who are involuntarily transferred will receive consideration in the evaluation of their performance.

E. Return Rights

If an employee is involuntarily transferred and the position from which the employee was transferred becomes vacant thereafter, the employee who was involuntarily transferred shall have the option to return to his/her prior position. The effective date of the involuntary transfer shall be the first day of service in the new position. Return to the employee's prior position shall be made at the beginning of an academic year or a semester. If an employee elects to remain in the position into which he/she was involuntarily transferred, the employee shall forfeit any rights to the prior position.

## ARTICLE 9 SENIORITY

Seniority shall be determined by the length of continuous service in the Sergeant Bluff-Luton Community School District. When two or more teachers have the same length of service, seniority shall begin on the date on which the continuing contract was signed. When two or more teachers signed continuing contracts on the same date, lots shall be drawn to determine order of seniority.

## ARTICLE 10 LEAVES OF ABSENCE

### Section 1 – Excused Absence Leave

A. Purpose

The District realizes there are times of temporary illness/injury, personal problems, and illness of family/friends that might require absence from work. The purpose of paid excused absence leave is to help employees avoid financial stress during those times. Excused absence leave is not available to replace or enhance Section 2 of this Article.

B. Uses

Excused absence leave is available for the following reasons:

The above amounts shall apply to consecutive years of employment in the Sergeant Bluff-Luton Community School District.

Unused leave shall accumulate from year to year to the maximum of one hundred (100) days plus the employee's current allotment.

**D. Rights and Responsibilities**

Excused Absence is approved by the building principal, and except for those emergency or unexpected cases, excused absence must be arranged and approved prior to its use. The School District reserves the right to require a doctor's statement to support a sick leave of absence. The principal may deny paid leave if he/she judges the reason not to be in accordance with the excused absence policy.

Employees are expected to notify their building principal at the earliest possible date/time when Excused Absence is indicated. Principals must report use of Excused Absence to the Superintendent to assure fair and consistent treatment across the entire School District.

**Section 2 -- Personal Leave**

Two days of personal leave at the teacher's discretion will be granted subject to the following conditions:

1. The day may not be used following a scheduled holiday or vacation except in the case of an emergency. If used as an emergency leave day, the teacher shall provide a reason. The superintendent may deny the leave request if the reason given is not an emergency.
2. No more than three teachers may use the leave on a given day and the superintendent is not obligated to approve more than two requests for such leave from the same building on the same day.
3. If four or more teachers request personal leave for the same day and the superintendent chooses not to grant more than three requests, the leaves shall be granted on a "first come, first serve" basis except that an emergency shall take precedence over all other requests. If the excess leave requests were submitted on the same day, the more senior teacher(s) shall receive preference.
4. The same procedure as outlined in paragraph three foregoing shall be applied in the case of more than two requests for the same day from the same building.
5. Personal leave requests shall be submitted at least five (5) days in advance. If the situation is an emergency and the teacher provides a written reason, this requirement shall be waived.
6. Personal leave is non-cumulative and may be used in increments as small as one-half days.
7. In case of an emergency which prevents prior notification, the teacher, upon returning to work, shall submit documentation of the emergency and an application for the leave.
8. Notwithstanding provisions 1-7 of this section, in May, the District shall not be obligated to grant more than thirty (30) total personal leave days District wide. Requests for personal leave shall be granted on a "first come, first served" basis.
9. At the conclusion of a school year, teachers shall be reimbursed one hundred dollars (\$100) per day for each unused personal leave day.

**Section 3 -- Bereavement**

Upon the death of a member of the teacher's immediate family, a teacher requesting a leave will be granted up to five (5) working days of absence to make necessary arrangements and to attend the funeral. These days constitute separate leave and will not be taken from the teacher's yearly allotment of excused leave days. Any additional days taken will come only from the teacher's yearly allotment of excused absence leave days. The immediate family is defined as spouse, child, stepchild, parent, stepparent, brother,

stepbrother, sister, stepsister, parent-in-law, stepparent-in-law, son-in-law, daughter-in-law or a member of the household of the teacher.

Upon the death of a member's brother or sister-in-law or son or daughter-in-law, grandchild, grandparent, or grandparent-in-law, a teacher requesting leave will be granted up to three (3) working days absence to attend the funeral.

#### **Section 4 – Jury Duty**

A teacher called for jury duty during school hours or required by the Board to appear as a witness on the Board's behalf shall receive full pay for such time. Any pay, in addition to expense allowances, that the teacher receives during such leaves shall be turned over to the Sergeant Bluff-Luton Community School District.

#### **Section 5 – Association Leave**

The Association's designated representative shall be granted two (2) days leave, with pay, to attend State/National Conventions. Request for such leave shall be submitted in writing to the superintendent at least five (5) days prior to the date of such leave. In addition, the Association shall be granted up to four (4) days per year to be used for Association business. The Association will reimburse the district for the cost of the substitute for these four (4) days.

#### **Section 6 – Family Illness**

A leave of absence of one year, without pay, may be granted to a teacher upon approval of the superintendent to care for a sick or injured child or spouse. Should the request for such leave be made prior to the issuance of such contracts for the next year, the employee shall receive the one year leave.

#### **Section 7 – Military**

Provisions for the granting of military leave will be in accordance with state and federal laws.

#### **Section 8 – Professional**

Professional leave must be submitted to the building principal and the principal may make a recommendation. The principal will then submit the leave request to the Superintendent. The Superintendent may sign off on such recommendations if the professional leave meets district goals. The district will place five thousand dollars (\$5000) in a fund allocated for professional leave. If said fund is not entirely spent during a school year, the remaining money shall be rolled over into the professional leave fund for subsequent year(s).

Up to \$400 per teacher shall be available for conferences, seminars, and workshops. This includes the cost of substitute pay. The District shall make reimbursements when the employee submits an itemized list for payment upon return. Professional leave shall be granted by order of application until the allocation for professional leave is spent. Money will be evenly allocated by the number of buildings. At the conclusion of the second trimester all unencumbered money will be pooled. After that date, all teachers can draw from the pooled fund for professional leave. Employees will share the workshop or conference material and /or ideas with the building principal and colleagues.

#### **Section 9 – Child Care**

A teacher who requests it shall be granted up to one (1) year's leave of absence in order to care for his/her child. Return to work shall be either at the beginning of the school year or the start of the second semester.

#### **Section 10 – Other Leaves**

Other leaves of absence without pay may be granted at the discretion of the superintendent.

Other leaves of absence with pay may be granted at the discretion of the superintendent.

Such leaves are not grievable under the grievance procedure of this contract.

#### **Section 11 – Return from Leave of Absence**

The following conditions shall prevail as to the teacher's return from a leave of absence:

1. A teacher shall be required to return from a leave on the date designated by him/her upon the granting of the leave.
2. Failure to return on the designated date shall be considered resignation.
3. Upon the return from a leave, the teacher shall be given the same or comparable position that he/she had prior to such leave providing the position is still in existence.
4. If the same or comparable position is not in existence, the teacher shall be offered a position for which he/she is certified, if such position exists. Failure to accept such a position shall constitute a resignation from the school district.
5. If no position for which a person is certified exists, the person shall be placed on a preferential hiring basis for one (1) year and shall be hired for the first available position for which he/she is certified.

### **ARTICLE 11 SALARY**
